

# FUND FOR SANTA BARBARA

## Policy on Indirect Costs

---

As a supporter of social, economic, and environmental justice work, THE FUND FOR SANTA BARBARA strives to be accessible, flexible and responsive to the needs of grassroots organizations.

THE FUND recognizes that grantee organizations have a wide variety of methods of accounting for administrative costs. Accordingly, THE FUND FOR SANTA BARBARA will consider any administrative expense listed within a submitted budget so long as the amount is clearly delineated and explained.

However, THE FUND will not pay for any indirect costs to a fiscal agent, host agency or partner agency of a grantee project.
